[CV compiled on 2023-09-20 for 801: Research Methods]

Changes made:

- Sub specialization and advisor: included
- Someone commented that I have zero work experience: this is true
- BU is not in balitmore: changed
- Switch to the bu email: changed
- Change the (expected) to (in progress): changed
- Double major: changed
- Research Experience: what I did, collaborators, role: added
- Conference Proceedings (not just Conference): changed
- Make the numbering consistent across publications and presentations: changed (by removing numbering from the publication section)
- Poster, and link to poster: added
- Languages spoken: added
- Teaching experience: none, so not added
- Service (buclld): added

- Put awards earlier than skills: latex code not compiling if I do, so I didn't (also I don't think it's that important)
- The  $\times 3$  is odd, put dates instead: changed
